

**CLASSES I-II****02/04/2024**

Let me first express my warmest congratulations to our young graduates who have successfully gone through an important phase of study that lays the foundation of lifelong learning. Thanks must go to the parents and the teachers for having given their children their unfailing support and an enabling environment in which children's potential is nurtured and developed through a wide variety of excellent learning experiences.

While the school is an important place for children's education, families play an equally critical role in the development of their children. In particular, parents are instrumental in their personal growth and attitudes towards life. The partnership of Bal Bharati School with parents has contributed significantly in making learning more interesting and effective for the students. The ethos of this caring school culture has supported the school management, teachers and parents in the quest for a high-quality education.

As the children will have increased timings, they need regular support of teachers and parents and obviously a loaded bag makes the parents and the children both worry about the load.
